INSURANCE

What Policies your Organisation should consider?

As people become more litigation conscious, the potential to be sued for a volunteer's injury or negligent action increases and with it the prospect of large uninsured financial payouts.

Both Product /Public Liability and Voluntary Workers Personal Accident insurance policies **must be** held by organisations which are members of the Peel Volunteer Resource Centre.

Certificates of Currency are requested by the centre to keep on file

- **Product and Public Liability Insurance**

This insurance covers liability for damage or injury to third parties occurring as a result of an accident arising out of the activities of the insured

- **Voluntary Workers – Personal Accident**

This cover is to insure your volunteers whilst carrying out voluntary work on behalf of your organisation and covers accidental injury or death

- **Association Liability Insurance**

This cover provides for loss resulting from claims made against an organisation for breach of professional duty arising out of negligent acts, errors or omissions in the conduct for their particular professional activity. This type of insurance would be applicable for volunteers who are members of an organisation's Board of Management

There are a number of insurance brokers who can provide these types of insurance policies. Whilst Peel Volunteer Resource Centre does not recommend any particular broker, there are some commonly used brokers for the Charitable, Not for Profit, Voluntary Organisations and Organisations who involve Volunteers and details of these may be obtained from Peel Volunteer Resource Centre

WORKING WITH CHILDREN CHECK & NATIONAL POLICE CHECK

Once it is established that a person is in child-related work and no exemption applies, they are legally required to apply for a WWC Check. The WWC Check is different to the National Police Check, and employees or volunteers may be required to get both. This is because the WWC Check is only concerned with offences that could indicate a child may be harmed.

For example, where a position also involves working with money as well as children, a conviction for theft may be of interest to the employer. It is only the National Police Check which will inform them of this conviction.

Therefore, employers should ensure that other measures are in place to assess a person's suitability for the job, including interviews, thorough reference checks and if necessary a National Police Check.

Below are more examples of how a WWC Check and National Police Check are different:

- A WWC Check is valid for 3 years, and can be used during this time to work in any category of child-related work. Unlike the National Police Check, which is only current on the day it is issued, a WWC Check can be updated if a person's criminal record changes during the 3 years until its expiry.
Juvenile records and criminal charges, as well as all convictions, are assessed as part of a WWC Check.
- A WWC Check is compulsory for people in child-related work including those who have never had to have a criminal record check before. It has set obligations and penalties for non-compliance.

Information Sheet for Position Suitability

Suitable for

Centrelink Approved Volunteering

This indicates that the volunteer involving organisation is Centrelink-approved, and this position is suitable for a Centrelink volunteer.

Youth/school volunteers (14-18)

The position is suitable for younger volunteers. Please check insurance cover, and be aware that additional supervision will be required.

Large group volunteering (10+)

The position is a group volunteering position, and can cope with a large number of volunteers (at least 10) on a single day.

Group volunteering positions need to be well organised, with all equipment provided, and may require additional administration (such as a job hazard analysis).

Please contact your local VRC / state peak if you have any questions about group volunteering.

Disaster Recovery

This covers both emergency response and disaster recovery positions- anything dealing with a crisis (Fires, floods, etc). Many of these positions will only be activated during an emergency, and they will be advertised on specialist websites while assistance is required.

Volunteers with a disability

This indicates that the position can accommodate volunteers who have additional support needs. Generally these positions will need a high level of supervision, and specialist staff training may be required.

Family Volunteering

Family group volunteering is arranged to involve the entire family. Since under-18s will be involved (and potentially very young children), you should verify insurance cover.

Volunteers with limited English

Some volunteers may take on volunteer roles to help improve their English language skills. Positions flagged here are roles that do not require a high level of English, but they should also provide some opportunity to use and practice language skills.

Skilled Volunteer

This position requires a volunteer with a specific qualification and/or skill set. For example: a lawyer, an accountant, an electrician and so on.

The position must require and utilise that specific skill at a high level of proficiency.

Do not select this option unless the position requires qualifications/skills.

Please enter the details of what skills are required in the requirements field.

Travelling/short term volunteers

These positions are suitable for volunteers who will only stay a short length of time. In general, it is project based volunteering that people can complete before moving on. Small heritage and restoration projects often fall into this category.

Virtual Volunteering

The position can be done entirely from any location the volunteer likes- from home, from work, etc. This would usually be an online or telephone-based position.
